WELLS-FARGO IS TO PENSION ITS EMPLOYEES

Through P. R. Dixon, local Wells-Fargo agent, announcement is made by Wells Fargo & Co. express of a new benefit and pension plan, which ranks in the generosity of its provisions with the best of the other pension plans of the other great transportation or industrial corporations across the land. The new system, which went into effect on June 1, is not the first pension provision established by Wells Fargo. The company has been retiring its older men on pensions for more than a quarter of a century for the past twelve or fourteen years its pension board has been a distinct feature of its general organization. But the new plan, as its name indicates, contemplates much more than pension relief. One of its most salient features is a disability clause, which applies to any established worker in the company's ranks who may be stricken by illness or by accident. This, of itself, is a tremendously advanced step among the pension plans of the great corporate interests of America.

To make this clause clearly understood, it is only necessary to read the program of the new pension system. It specifically states that any Wells Fargo salaried employee, who has been six months or more in the service, when incapacitated for work by accident or sickness while not on duty, may be allowed pay for the period of the enforced absence, in accordance with a very generous table of time allowances. If the accident should occur while he is on duty the compensation granted is, of course, much greater. For instance, even in the case of an injury temporarily disabling him, he may, to the extent required, be granted full pay for six months or half pay for a year following the time of his injury. If, after this year, he still is disabled, the pay is continued for two additional years. Then, if he shall have been fifteen years with the company at the time of his accident, he may go upon a pension until the end of his days, an arrangement which greatly increases in its monetary value, if his service with Wells Fargo is as long as twenty-five years.

Another feature of the new pension plan, and not less interesting, is the one which provides for the continuance of a man's salary to his beneficiaries for a season after his death. It is a principle that is being written into many of the new policies of the life insurance companies. Here is a principle that is bound to be of great benefit to the widows and children who find themselves dazed and staggered by the loss of their bread-earner. Full pay for a month after his death and half-pay for an additional number of months—depending upon the length of his service with Wells Fargo—means that they will have time to collect their senses and plan for the future before the bread-earner's wages cease to come to them. No one who has not known how close some families live to the narrow margin can appreciate what the provision alone of the new plan means.

The new plan recognizes, of course, all the sturdy principles to which Wells Fargo has long stood committed. In fact, its careful perusal will show that many of the provisions of the old have been amplified. To make a single instance, the minimum pension allowance for superannuated employees is now fixed at \$50 a month. Under the old plan there was no minimum allowance.

DANVERS RETURNS TO FIGHT FOREST SERVICE

Wm. Danvers of Fontenelle, who gained considerable attention a year ago by his attacks on the forest service, and Wm. Graham of Opal, Wyoming, sheepmen, are in Ogden for the purpose of bringing an action against District Forester L. F. Kneipp. They have an affidavit from the county clerk and assessor of Lincoln county, Wyoming, declaring that Algot Larson and George Monk, who have been given grazing rights on the government forest as the owners of 200 head of cattle, are not property owners and have no property rights in that county. This will be made the basis of an action to oust Mr. Kneipp in the United States district court.

Mr. Danvers is also planning a libel suit against Ogden parties.

RAILROAD SUE
BY INJURED MAN

Alleging that a vicious dog, kept by a section crew on the Southern Pacific railroad, near Coma, Nev., leaped furiously upon him as he passed the crew's camp on a gasoline car, Elisha Williams of this city is bringing suit against the railroad company for \$30,000.

Mr. Williams states that he was employed as a repairman, whose duty it was to see that the block signal system was kept in perfect running order. We traveled from station to station on a small gasoline car which

was only three and one-half feet above the rail.

The plaintiff had noticed during his travels that one of the section crews kept a vicious dog around the camp. The animal was never tied and made a practice of attacking the men on the inspection car every time they passed.

Owing to the speed of the car the dog's savage attempts to board it were futile. On October 18, 1912, when Williams was making his route, the dog waited until the car was within a few feet of him then leaped furiously into the air, striking the plaintiff violently in the stomach, knocking him from the speeding car. In the terrific fall and roll down the embankment he received a dangerous wound in the small of the back and a shattered knee cap and cuts and bruises about the head and body.

The injuries were such that he has since been unable to do any work whatsoever and from all indications will be incapacitated for life. He considers that he has been injured to the extent of \$30,000, for which sum he is suing the railroad corporation.

"Police" is considered by far Charley Chaplin's funniest picture. Comes to The Ogden next Sunday.

The Mutual Chaplin's will appear at the Alhambra only.

WORLD'S MARKETS

New York, June 16.—Declining tendencies were more marked during today's early trading, the acute Mexican situation and the rejection by the railroad board of the proposals made by the general managers inducing further professional selling. Specialties were the weakest issues, Beet Sugar breaking over two points with severe recessions in some of the metal group, including zinc shares. St. Paul, Northern Pacific and Erie first preferred were fractionally lower with offsetting gains in Norfolk and Western and Louisville, and Nashville. United States Steel was barely steady.

Omaha Livestock.
Omaha, Nebr., June 16.—Hogs—Receipts \$900; higher. Heavy, \$9.55@9.70; light, \$9.40@9.65; pigs, \$8.00@9.00; bulk of sales, \$9.55@9.65.
Cattle—Receipts 500; steady. Native steers, \$7.35@11.00; cows and heifers, \$7.00@9.00; western steers, \$7.50@9.00; Texas steers, \$7.00@8.00; stockers and feeders, \$7.00@8.75.
Sheep—Receipts 4500; steady. Yearlings, \$7.25@8.75; wethers, \$6.75@7.75; lambs, \$8.40@11.40.

Chicago Grain

Chicago, June 16.—Bearish views on the export situation tended today to depress the wheat market. Predictions were current that the outcome of the decline in ocean freight rates would be a diversion of vessel tonnage to South America and Australia. Opening prices, which ranged from 1-4 to 3-4 7/8c lower, with July at \$1.02 1/4 to \$1.02 5/8 and September \$1.04 1/4 to \$1.04 5/8, were followed by a good rally but then a fresh downturn.

Seaboard demand gave firmness to corn. After opening unchanged to 1-4c lower, the market rose all around to above yesterday's finish.

Oats sympathized with corn. Price changes, though, were slight.

Higher prices on hogs started provisions upgrade. The only selling was in small lots.

The wheat close was nervous, 3-4 to 1-2c net lower, with July at \$1.01 1/2@1.01 5/8 and September at \$1.03 7/8@1.04.

The corn close was unsettled, varying from 1-2c decline to 1-8c advance as compared with yesterday's finish.

Sugar.
New York, June 16.—Raw sugar, firm; centrifugal, 6.35c; molasses, 5.62c; refined, steady; fine granulated, 7.65c.

Sugar futures at noon were 2 to 3 points lower.

UTAH STOCKS

Summary of the Local Market.
June 16, 1916.—The mining share market was extremely quiet this morning with no features in the trading whatsoever. Alta Con. advanced to 55 cents on light buying. Sells was strong at 29 1/2c. Silver Shield advanced to 74 cents on buying of 100 share lots. South Hecla was in demand at \$3.32 1/2.

Among the industrial stocks the Sugar stocks still hold the most prominent position, with \$200 bid for Amalgamated and \$20.15 bid for Utah-Idaho.

DEMOCRATIC PLATFORM

(Continued From Page 3.)

discrimination in the lands wherein they dwell.

Prison Reform.
We demand that the modern principles of prison reform be applied in our federal penal system. We favor such work for prisoners as shall give them training in remunerative occupations so that they may make an honest living when released from prison; the setting apart of the net wages of the prisoner to be paid to his dependent family, or to be reserved for his own use upon his release; the liberal extension of the principles of the federal parole law with due regard both to the welfare of the prisoner and the interests of society; the adoption of the probation system, especially in the case of first offenders not convicted of serious crimes.

Pensions.
We renew the declarations of recent Democratic platforms relating to generous pensions for soldiers and their widows, and call attention to our record of performance in this particular.

Waterways and Flood Control.
We renew the declaration in our last two platforms relating to the development of our waterways. The recent devastation of the lower Mississippi valley and several other sections of floods, accentuates the movement for the regulation of river flow by additional bank and levee protection below the diversion, storage and control of the flood waters above, and their utilization for beneficial purposes in the reclamation of arid and swamp lands and development of water power, instead of permitting the floods to continue as heretofore, agents of destruction. We hold that the control of the Mississippi river is a national problem. The preservation of the depth of its waters for purposes of navigation, the building of levees and works of bank protection to maintain the integrity of its channel and prevent the overflow of its valley resulting in the interruption of interstate commerce, the disorganization of the mail service and the enormous losses of life and property, impose an obligation which alone can be discharged by the national government.

We favor the adoption of a liberal and comprehensive plan for the development and improvement of our harbors and inland waterways with economy and efficiency so as to permit their navigation by vessels of standard draft.

Alaska.
It has been and will be the policy of the Democratic party to enact all laws necessary for the speedy development of Alaska and its great natural resources.

Territories.
We favor granting to the people of Alaska, Hawaii and Porto Rico the traditional territorial government accorded to all territories of the United States since the beginning of our government and we believe the officials appointed to administer the government of those several territories should be qualified by previous bona fide residence.

Candidates.
We unreservedly endorse our president and Vice president, Woodrow Wilson of New Jersey, and Thomas Riley Marshall of Indiana who have performed the functions of their great offices faithfully and impartially and with distinguished ability.

In particular we commend to the American people the splendid diplomatic victories of our great president, who has preserved the vital interests of our government and its citizens, and kept us out of war.

Woodrow Wilson stands today the greatest American of his generation.

Conclusion.
This is a critical hour in the history of America, a critical hour in the history of the world. Upon the record above set forth which shows great constructive achievement in following out a consistent policy for our domestic and internal development, upon the record of the Democratic administration which has maintained the honor, the dignity and the interests of the United States, and at the same time retained the respect and friendship of all the nations of the world, and upon the great policies for the future strengthening of the life of our country, the enlargement of our national vision and the ennobling of our international relations, as set forth above, we appeal with confidence to the voters of the country.
